PROFESSIONAL OVERVIEW

Recent Computer Engineering graduate with experience in Software & Hardware development, AI technologies, embedded systems, IT, and business development. Strong technical, analytical, and problem-solving skills with a passion for technology, innovation, and continuous learning.

PORTFOLIO

<https://areynolds-engr.github.io/portfolio/>

A continuously expanding collection of software, AI, Network, embedded systems, and hardware integration projects showcasing practical engineering skills, technical creativity, and a commitment to building solutions beyond the classroom.

EDUCATION

Georgia Southern University
Allen E. Paulson College of Engineering & Computing
B.S. Computer Engineering
2021-2026

Courses: Intro to Operating systems, Microelectronics, Microcontrollers, Programming Principles 1 & 2, Computer Systems Design, Digital Design, Advanced Engineering Analysis, Network Architecture & Protocols, Human Interaction, Cybersecurity

WORK EXPERIENCE

Data Analyst intern

Duluth, Ga | 2023 - 2024

I Analyzed large logistics datasets to generate actionable insights that improved operational efficiency, reduced costs, and enhanced customer satisfaction through data-driven decision-making.

Technology assistant

Statesboro, Ga | 2022 - 2024

I Assisted students and staff by diagnosing, troubleshooting, and resolving hardware and software issues on desktops and rental devices to ensure reliable library operations.

SOFTWARE SKILLS

- Full-Stack Development
- Python development
- Artificial intelligence
- SQL & databases
- Network Analysis
- OOP

HARDWARE SKILLS

- Embedded Design
- Circuit Design
- Testing & debugging
- FPGA development
- Microcontrollers
- PCB's & Chip design

LEADERSHIP SKILLS

- Initiative
- Business Acumen
- Professional presence
- Communication
- Attentive teammate
- Strategic problem solving

ORGANIZATIONS

- IEEE - Institute of Electrical and Electronics Engineers
- NSBE - National Society of Black Engineers
- Tech Developers Association
- Habitat for Humanity
